Language

Enter the Settings app, scroll down to find the "Language and Input" setting, and then select your language in the list.

Dialing

You can call from the Phone app, the Contacts app or other apps and widgets. Wherever you see a phone number, you can click it to make a call.

To make a call to one of your contacts:

1. Touch "☎" on home screen or in the apps drawer.
2. Choose or search out a contact.
3. Place a call to the contact.

For latest calls, please go to the recents list "🕒".

You can also input the phone number on the dial pad "☎" to make a call.

Message

To send a message:

1. Press "💬" on the home screen or app drawer.
2. Press "✉" to write a new message.
3. Type contact name, phone number, or press "👤" to add one or more contacts as message receivers.
4. Type text message.
5. Press "📎" to add pictures, videos, or audio files
6. Send message by pressing "➤".

Photography

To take a photo:

1. Open camera "📷".
2. Frame your picture.
3. Touch the shutter "📸" to take the picture.

•It's normal that some systematic texts are not translated to your language.

Safety Information

Please read this safety information carefully so that you can use your phone in complete safety

- 1.Children : Be very careful with children and your phone. A mobile phone contains a number of detachable parts. Exercise great care when children are in close proximity to the phone. The phone contains small parts that could be swallowed or cause choking. If your phone is equipped with a camera or lighting device, do not use it too near children or animals.
- 2.Hearing : Prolonged listening at full power using a lightweight headset or headphones can damage your hearing. Reduce the volume to the lowest possible level when listening to music or conversations. Avoid high volumes over extended periods.
- 3.Driving : Exercise care when driving. Driving requires maximum attention at all times in order to minimise the risk of accidents.
Using a mobile phone can distract the user and result in an accident. You must fully comply with the local regulations and laws in force regarding the use of cell phones whilst driving. You are not allowed to use the phone whilst driving. A hands-free kit should not be regarded as an alternative solution.
Flying : Turn your phone off when flying. Remember to turn your phone off when you are in a plane as it may cause interference.
- 4.Hospitals : Turn your phone off near any medical devices. It is extremely dangerous to leave a phone switched on near medical devices as it may cause interference. You must observe any instructions or warnings in hospitals and treatment centres. Remember to turn your phone off in service stations. Do not use your device in a petrol station near fuel. It is dangerous to use your phone inside a

professional garage.

- 5.Electronic implants and pacemakers : Users who wear a pacemaker or who are fitted with an electronic implant must hold the phone on the opposite side to their implant as a precaution when making a call. If you notice that your phone is causing interference with a pacemaker, switch it off immediately and contact the manufacturer of the pacemaker for advice on what action to take.
- 6.Fire hazard : Do not leave your device near heat sources such as radiators or cookers. Do not leave your phone charging near flammable materials as there is a real risk of fire.
- 7.Contact with liquid : Do not expose the phone to liquid or touch it with wet hands : any damage caused by water may be irreparable.
- 8.Use only ulefone-approved accessories. The use of unauthorised accessories may damage your phone or cause a safety risk.
- 9.Do not destroy the batteries and chargers. Never use a battery or charger that has been damaged, keep batteries away from magnetic objects as the latter might cause a short-circuit between the positive and negative terminals of your batteries and permanently destroy the battery or phone. As a general rule, you should not expose the batteries to very high or low temperatures (below 0°C or above 45°C). Differences in temperature may reduce battery autonomy and service life.
- 10.Shocks and impact: Handle and use your phone with the utmost care. Protect your phone : shocks and impact may damage it. Some parts of your phone are made from glass and might break if the phone is dropped or is subject to severe impact. Avoid dropping your phone. Do not touch the screen with sharp objects.
- 11.Electric shock : Do not try to dismantle your phone as

EN there is a very real risk of electric shock.

12.Maintenance : If you want to clean your handset, use a dry cloth (do not use a solvent, such as benzene, or alcohol).

13.Recharge your phone in a well ventilated area. Do not recharge your device when it is resting on a soft surface.

14.Damage to magnetic strips : keep your phone away from credit cards as they may damage the data on the magnetic strips.

Disclaimer

1.The usage if non-original accessories such as headsets chargers etc., will cause incompatibility between the mobile phone and the accessories that may cause a degradation of performance and malfunction, and we are not responsible for any damage that might occur.

2.Specifications and functions of your mobile phone can be different from those contained in this user manual as the user manual only contains general overview.

3.Specifications and functions of your mobile phone have been confirmed to work properly since produced from the factory. If there is damage or defect due to the manufacturing not by misusing, it would follow terms and conditions in the warranty card.

4.If the functions of your mobile phone are related to features and services by carrier then those functions will follow the terms and conditions applicable by the carrier.

5.Please note that your mobile phone still has its limitations referring to the specifications and functions. These limitations cannot be considered as damage or defect or as manufacturer damage. Please use your mobile phone in accordance with the purposes and functions.

6.Any rugged phone damage caused by improper use including but not limited to improper sealing port covered or failure to follow the instructions is not covered by the warranty.
